

AYUBOWEN

is the word used in Sri Lanka to greet someone. It **means** Long Life. One is Generally greeted by joining two hands in prayer-like manner and saying "**Ayubowan**".

YAPAHUWA

Sigiriya (pictured) was climbed. I made it to the top of Yapahuwa instead!

From the stunning views to the warm welcome and wonderful hospitality of the Sri Lankans made this trip one of the best in my life time & I hope to return one day.

OPENING CEREMONY

The whole camp came together for the Opening Ceremony, almost 4000 Guides & Scouts from across the world. The Police Orchestra played, entertainment on the stage & the camp was officially opened.

WATER

Drink, drink, drink!! It was so hot and humid, we had to drink a lot of water. A cold shower was another highlight of the day!

Sri Lanka 2015

County International Trip to Colombo Centenary Camp – Ayubowen

The group met at the airport to begin the most unforgettable experience ever. We spent 3 days in a hotel in Kandy where we packed in a lot of site seeing. Some of the places we went were a village to see Batiks being made, spice garden, tea factory, elephant orphanage and went Sari shopping.

After our stay we made our way to the camp, the gadgets were awesome, all made with bamboo, we received a lot of attention from everyone at the camp signing autographs and posing for pictures throughout the week.

During the camp our group went on Captain Jennys adventure where we took a ride to a local town in tuk tuks & were recognised by locals as the camp (& us) had been on TV!

Thank you to everyone who helped my fundraising efforts & who made the trip possible.
